

# FINANCIAL STABILITY GOAL

**OUR GOAL:** Promoting financial stability and independence among working individuals and families.

## **TARGET ISSUE 1:** Achieving long term financial stability for at-risk individuals

**Intended Results:** Increase earning potential through education and career development.

**Indicators:** The number of individuals who earn a high school equivalency credential (GED or HiSET Diploma).

The number of individuals receiving case management and/or employment counseling who found and maintained employment.

The number of individuals who received additional training and/or education beyond high school equivalency to advance in their level of employment, with a special emphasis on young adults.

**Intended Results:** Improve standard of living through access to affordable supportive services and financial literacy.

**Indicators:** The number of individuals who access affordable supportive services, such as legal, mental health, substance abuse, and reliable transportation services.

The number of individuals who demonstrate the impact of completing budgeting and credit counseling courses, using measures such as reduced debt levels, increased savings, and decreased reliance on high cost financial service providers.

## **TARGET ISSUE 2:** Stabilizing families in financial distress

**Intended Results:** Provide temporary or short-term support or services to individuals and families to stabilize living conditions and move from dependency to self-sufficiency.

**Indicators:** The number of individuals and families who are homeless, displaced or at risk who are provided assistance for food, clothing, rent, utilities, transportation, or other urgent needs.

The number of individuals and families who were able to obtain and/or sustain affordable housing with support.
